Stockport School

At Stockport School we are committed to providing additional, enriching opportunities for students away from the classroom.

We believe that by encouraging students to participate in extra activities, it can add greater value to their school experience and help them to develop essential skills for life; trying new experiences, building friendships, confidence and resilience and having fun too.

Enrichment and extra-curricular activities at Stockport School take many forms and are included within the structure of the school day as well as before school, after school and during lunchtimes. Within the curriculum timetable there is enrichment during the afternoon Tutor Time at the end of the day, sports; both practice and fixtures throughout the year and a host of other calendared events and opportunities to participate in and become involved with.
